

Dear Devotees,

Please accept my humble obeisances, All Glories to Srila Prabhupada...

Recent days I developed a great anxiety that I am not able to fully serve my Guru or for the movement. And it is increasing day by day and If not sought your prayers and blessings I feel like bursting within.

So first I request your sincere blessings and prayers that I will be able to do something that will please my Guru and Srila Prabhupada before I leave the planet. Nobody knows when one's time will come, but before that I will like to be COMPLETELY USED UP for the movement as much as possible. I also feel I don't have much time, intuitively I feel my maximum stay in this birth is 58, if I survive then I might go maximum to 64. So I don't have enough time as well when compared to others.

I have some interest in contributing and preach through digital media as one's ability should be used fully for Krishna's service. So in that angle, I slowly started developing a devotee web blog site www.sastracaksu.nlitn.in

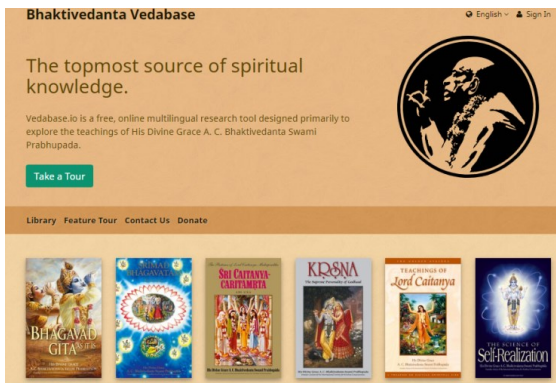

where Srila Prabhupada's writings, his disciple and grand disciple's writings are made available in a concise and short format for the pleasure of devotees and new comers. I tried to make it attractive with pictures so that kids also can be attracted. Srila Prabhupada's most pleasing activity is book

distribution and the future of this book distribution will be **COMPLETELY DIGITAL**.

People of all age groups are now unanimously using or rather addicted in using gadgets for various purposes. So I strongly feel ISKCON's preaching will also intensify in digital arena so that people of all age groups have access to our Srila Prabhupada's incredible contribution.

On this direction we also saw that BBT as introduced new android app, one for small books and other for Srimad Bhagavadam.

I need your blessings and prayers for my aspiration so that I will be able to please Guru, in whatever ways possible. I am also looking at contributing to other devotee web sites like vanipedia and vedabase.

In future I will like to contribute to my Guru Maharaj, HH Jayapataka Swami maharaj as well by bringing his transcripts and writings to digital arena. So please please bless that I will be able to succeed in progressive spiritual path.

"The association of devotees is always desirable; it is worshipable, it is praiseworthy, and one may accept it as the highest goal of life."
- Srimad Bhagvatam - 1.18.13

Whenever I was in deep anxiety devotee's mercy gave me hand, For example 3 years back, I was nowhere when my family is not in Krishna consciousness, I prayed to

devotees, again and again during the Mayapur yatra, because of which today we could make a small step in Krishna consciousness. Now is that after my family's initiation, Guru has taken the responsibility of our past Karma, I am very greatly eternally indebted and will render any service that could please him. I am also deeply indebted for my wife, Kavirupa Kesavi devi dasi for her support and all the adjustments she could make to this most fallen husband.

My next anxiety is, seeing to that as a devotee couple, we bring our Kids nicely in Krishna consciousness. I am dreaming for the day that my children grew and giving heart pounding Krishna conscious lectures to the mass, keeping the audience in deep unknown ecstasy by hearing Krishna Katha. Seeing that I get melted for the causless mercy of the guru parampara on the most fallen souls like us.

To conclude, as stated in Bhagavad Gita 18.48, "Every endeavor is covered by some fault, just as fire is covered by smoke. Therefore one should not give up the work born of his nature, O son of Kunti, even if such work is full of fault". So working in this angle, I am making all the endeavours towards bringing my children to Krishna consciousness as much as possible, please I need your blessings for this as well.

Last but not least, Bhagavad Gita 15.8 states, "The living entity in the material world carries his different conceptions of life from one body to another as the air carries aromas. Thus he takes one kind of body and

again quits it to take another". This anxiety of serving is one thing if I could keep it constantly then I can

carry this aroma of servitor attitude which will help me in my next life as well. So please request your sincere blessings and prayers for me on this as well.

All Glories to Srila Prabhupada.

Your humble Servant

Karunapati Kesava Das
